***Claim Rejections - 35 USC § 103***

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 27-29 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hsu'985 in view of Trice'159. Hsu teaches a modular vault(10) comprising a unitary housing body, see Figure 1, a roof slab, see column 3, lines 25-27 and 16-17, a rear wall(17), a front wall(15), two side walls(14,16), a floor slab(18), the front wall having a door frame opening(40) integrally formed with the body, the body cast from reinforced concrete, see column 3, lines 25-27, and a door(12) which is fire-resistant and burglary-proof. Hsu lacks the use of only one entrance.

Trice teaches a vault having concrete reinforced top, bottom, and side walls, one entrance(33,41), and hooks(37) for hoisting the vault. It would have been obvious for one having ordinary skill in the art at the time of the invention to have provided the vault of Hsu with the single entrance feature of Trice in order to have provided a completely sealed unit to protect the occupants therein.

***Response to Arguments***

Applicant's arguments with respect to claims 27-29 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
